

Shri Manak Copper

Vision

To be the best Indian Powder Metallurgy Solutions Company

Mission

To Improve The Economic Well-Being And Quality Of Life Of All Our Stakeholders

Values

Safety - Service - Integrity – Efficiency - Caring

Message from our Chairman

To our stakeholders

Shri Manak Copper's commitment to sustainability underwrites our values and provides the platform of stability and purpose upon which we may drive continuous improvement in service, standards, performance, growth and value.

We are committed to Operating safely, Growing efficiently, Planning green and Delivering locally.

People, Planet and Profits are not mutually exclusive at Shri Manak Copper, we know that they can, and must be, mutually beneficial, complementary and inter-dependent.

Chairman

Shri Manak Copper

Our values and principles of conduct

Our value-based performance culture help us to strive for excellence in accountability, integrity and ethical behaviour. All Shri Manak Copper employees are bound by a set of common beliefs and values that they adhere to as part of their commitment to working with Shri Manak Copper.

We encourage our employees to embed our corporate values in their own unique ways. To help embed our values, employees in SMC “The SMC Way!” defined by the taglines below:

See it – you own it!

If you have the capability – you have the duty!

Status quo – is regress

Accept no loss or accident should hit us, which could have been prevented by applying constant care!

We win together!

Ensuring customer satisfaction

Shri Manak Copper has a strong market presence due to strong ties and relationships with our customers. Positive customer experiences rest on our delivery of high quality products and solution which is embedded within our corporate culture. This helps us maintain a strong customer base.

To ensure that we continue to meet our customers' expectations, we seek regular feedback on the quality of our services. For example, in Shri Manak Copper we encourage our customers to share their feedback on our products and services through feedback forms. Their suggestions for improvement are closely monitored by our operational team where we seek to implement corrective measures to meet their expectations.

The results of the customer feedback surveys are compiled and reported to our management.

Our employees, an asset to sustaining our business

In addition to standardising our operational systems and processes, our highly skilled and efficient workforce determine our success towards growing and working efficiently. Our employees are recognized by our clients as our competitive strength. We continue to attract and develop highly skilled employees capable of sustaining our business.

Shri Manak Copper is an equal opportunity employer and does not discriminate against gender, age or other aspects of diversity. We screen applicants based on their technical merits and ethical behaviour.

Engaging with our employees to meet their expectations

As part of our corporate culture, we believe in caring for our employees and ensuring that they are satisfied with the organization. Employees are encouraged to provide regular feedback through formal and informal channels whereby the Shri Manak Copper aims to satisfy the expectations of the workforce.

Shri Manak Copper aspires to comply with national/ regional mandates on local recruitment at all our operating locations.

Grievances regarding labour practices

Our employees are encouraged to report on acts of unfair treatment, bias and discrimination by any individual or group to the management.

The incentives and benefits we provide to our employees

Investing in our people includes providing appropriate employment benefits and maintaining a pleasant work environment that encourages their well-being as well as their families'. Although the benefits provided to our employees may vary depending on their eligibility, we ensure equal remuneration for men and women sharing the same job position.

At Shri Manak Copper, we recognise high performers and reward them through incentives, progression programs and other opportunities to grow within the organization.

Training and developing our employees

We believe that continuous employee training and development helps us provide our products and services effectively and ensures high standards in customer satisfaction and operational efficiency. As a result, we continued to prioritise and invest in employee training and development.

Ensuring highest standards of health and safety: Operating safely

Health and safety is inseparable from our core corporate values and we place relentless efforts in providing a safe and healthy environment for our employees, customers and nearby communities.

“Our stringent QHSE procedures, policy and awareness campaigns ensure safety remains a top priority in everything we do. Our ultimate objective is to ensure all our employees and customers get back to their families safely and healthy.”

Shri Manak Copper

Promoting a safe and healthy working culture in our operations

Shri Manak Copper encourages all employees to conduct safety observation reporting as an essential risk management tool for a strong and continuously improving safety culture. Shri Manak Copper have their own safety culture reporting mechanisms and comply with best practices related to hazard awareness, root cause analysis and accident investigation and training.

Reducing our impact on the environment: Planning green

At Shri Manak Copper, we see our obligation to environmental stewardship as an opportunity to improve our efficiency and provide better products and services to our clients, governments and communities. Shri Manak Copper adopts the latest international standards and guidelines to manage its environmental impacts effectively.

“Environmental stewardship to us is not just a matter of compliance, but also a position of leadership in the way we reduce our environmental impacts. We focus on two key areas within our operations; reducing our energy consumed and waste generated”

Shri Manak Copper

Energy consumption

For the Shri Manak Copper, monitoring and managing our energy consumption is closely aligned with our strategic priorities of reducing impact on the environment and improving operational efficiency. Shri Manak Copper closely monitors energy usage, both in terms of electricity consumption as well as fuel usage, with regular reporting to senior management.
